1 Read the letter

1

Look at the letter that came with this chart. Whether you are applying for new coverage, have just been enrolled, or are renewing your child's coverage, this is your chance to select or make a change to your MCO plan.

If you are a new applicant or wish to change your MCO, go to Steps 2 and 3 below.

If you are already enrolled in an MCO and want to stay with that MCO, you do not have to do anything.

2 Read the chart

2

Read the chart on the next page. Compare the MCOs in your city or county and choose the best one for you and your family.

3 Select your MCO

3

If you are applying or renewing your child's coverage, write your choice on Step 10 of the application. Once you have been assigned to an MCO, you will have 90 days from enrollment with that MCO to make a change. After 90 days, you must wait until your annual renewal to change your MCO, unless you request an exception.

To change your MCO within the first 90 days of enrollment with that MCO or to request an exception outside of the 90 days, call FAMIS at 1-866-873-2647 (TDD 1-888-221-1590). You can call Monday through Friday, 8 am to 7 pm, or Saturday, 9 am to 12 pm. The call is free and we have interpreter and translation services.

If you live in an area of the state with only one MCO, you may call FAMIS for other available options.

We are here to help you. We can:

- Help you enroll in a health plan
- Tell you which plans your PCP is in
- Answer questions about benefits
- Help you with any problems
